For empanelment of consultants for preparation of DPR under CIDF, the evaluation process of EOIs are under scrupinisation at the Directorate of Town & Country Planning

---

### OBJECTIVE OF CIDF SCHEME

1. To identify the critical city infrastructure deficiencies in the cities **with active public participation.**
  2. To invest the CIDF in signature projects **to address some major such critical deficiencies in a time bound manner, preferably from 18-30 months.**
  3. To invest the funds in such a way that the assets so created would **provide maximum benefit to a large proportion** of the citizens of the cities rather than helping a particular street/ward.
  4. To make an effort **to synergise with the existing resource of funds** such as Central schemes, MP/MLA funds if any.
