#### KAVITHA PADMANABHAN,

Commissioner & Secretary to the Government of Assam, Department of Housing and Urban Affairs, Dispur, Guwahati-6.

#### CHAPTER - I

#### INTRODUCTION TO THE MASTER PLAN AREA

#### 1.1 LOCATION, REGIONAL SETTING AND HISTORY OF THE TOWN

Urbanization is a continuous process. So, far industrialization has been treated as a necessary factor for urbanization but the recent trend reveals that growth and modernization in agricultural activities can also lead to urbanization by means of rural development strategy. So, far the process of urbanization in Assam is very slow and this is mainly due to industrial backwardness and dependence of agriculture on primitive methods to a great extent. According to 2011 census the percentage of urban population in Assam was 14.8 against all India figures of 31.1. For Biswanath district the figure is 5.1 which were quite below the state average. Gohpur Town came into being as urban centre in the year 1997 when the first Town Committee was set up. Later in the year 2018, it was upgraded to Gohpur Municipal Board. It is Class IV town according to 2011 Census with a population of 12,223.

The latitude and longitude of Gohpur are 26° 52' 54.62" N93° 36' 56.16" Erespectively and an average elevation above sea level of 81 M (266 feet).

The distance between Guwahati and Gohpur is 285 km by road and 266 km by rails. Aerial distance is 208 km. Gohpur also connects Itanagar, the capital of Arunachal Pradesh, via NH 415 at a distance of only 31 KMs. It also connects to Majuli and Jorhat by small ships through the Brahmaputra. Towards its North is Arunachal Pradesh, east is Lakhimpur district, west is Bishwanath Sub- Division, and south is the river Brahmaputra. Nearest railway station is Gohpur which is within the city. Gohpur is the sub divisional head quarter city. District head quarter o city is Bishwanath and Dispur (Guwahati) is the state head quarter of the city. Gohpur is well connected to Itanagar by NH 415 and other nearby towns like Tezpur, Bishwanath Chariali on its west and North Lakhimpur on its east by NH15.

Chaiduar has a remarkable place in the history of Assam. Literally a place having six routes Chaiduar in Assamese means Six Doors) of entry, Chaiduar was frequently visited by tribes from the adjoining hilly places through these six different routes. Gohpur, being the central place, was later made the sub- divisional headquarter in the district of Sonitpur, now Biswanath District. Again, it is a historical place of Assam, where the famous freedom fighter Kanaklata Barua was born. According to "Asomar Buranji "(অসমৰ ব্ৰঞ্জী, page no 34), A History Book of Assam written by Padmanath Gohainborooah, once king Arimatta established a village by cleaning a dense forest (গহীৰ হাবি) in the northern side of river Brahmaputra and he named this village as Gohanpur (গহৰপুৰ). Eventually this Gohanpur becomes present day Gohpur.

There's something special about the air of this tiny town, Gohpur, lying 7.5 km from the Kaziranga National Park, in Biswanathr district. Its natural beauty blends seamlessly with its old world charm. Gohpur has immense historical significance for the people of Assam. The town is famous for being the birthplace of legendary freedom fighter Kanaklata Barua, who was shot during the Quit India Movement. Barua's statue still stands as a testament to Assam's role in India's freedom struggle. One of the most peaceful spots of Gohpur is a historical pond known as Bor-Pukhuri. Situated in front of the Gohpur Police station, the pond is an ideal spot to witness beautiful shades of the sky during sunset. A trip to Gohpur is incomplete without visiting Dhandi Devalay and the beautiful Gohpur Forest Reserve. Taxis to Gohpur are easily available at the Kaziranga National Park.

#### 1.2 CLIMATE, TOPOGRAPHY AND SOIL CONDITION

Gohpur occupies its position on the strip of flat land lying between the both banks of N. H. -15. The climatic condition of Gohpur town is same as the average climate condition of the state. The best time to visit Gohpur is from January to April and July to December, the weather is generally from a pleasant to very hot temperature and limited to little rainfall. The highest average temperature in Gohpur is 42°C in May and the lowest is 21°C in January.

Gohpur has the moderate climate prevailing. The average monthly climate data for Gohpur is based on data from the past 30 years.

May Jan Feb Mar Jun Apr Temperature (°C) 21 25 32 38 42 42 7 7 Precipitation (mm) 5 13 6 20

Table No. 1: Average Gohpur weather by month

	Jul	Aug	Sep	Oct	Nov	Dec
Temperature (°C)	37	35	35	34	29	23
Precipitation (mm)	66	66	53	2	1	2

Source: www.google.com

From the above table it can be derived that Gohpur has been experiencing the major rainfall in a year in the months of July and August during the last thirty years.

Gohpur and its immediate neighbouring areas enjoy a climate suitable for cultivation on paddy and tea. The soil within the Master Plan area is alluvial and comparatively less prone to annual floods which are a recurring feature in any parts of the state.

#### 1.3 URBAN MORPHOLOGY AND PHYSICAL SETTING

Urban Morphology refers to the study of internal structure, the arrangement of residential houses, layout plan of roads and streets, internal physical structure of the city consisting entertainment space, community land, marketing area etc.

The town first sprawled along the N.H. 15 with gradual Ribbon type development along the arteries. This town is situated at a distance of 121 K. M. from Tezpur, 58 K. M. from Biswanath Chariali Town on the western direction and also 77 K. M. away from North Lakhimpur town at the eastern direction. The River Brahmaputra flows at about 17.00 K. M. away at the southern direction. Theriver named Chatrang flows though Gohpur Town which overflows during monsoon season inundating the planning area every year.

Consideration its past, present and importance in the future, it seems Gohpur town is likely to grow more in the coming years ahead. Already, there is less possibility of expansion inside the municipal area; hence expansion will be mainly in the sub-urban areas, located immediately under the direct influence of the town.

#### 1.4 NEED FOR THE MASTER PLAN

"Draft Mater Plan for Gohpur - 2041", has been prepared to guide the physical development of the town and its sub urban areas, in future. Gohpur town and its neighbouring 23 (Twenty three) villages 1.No.2 Naya Ghagra 2. Bherveri Pathar 3.Ghagora Basti 4.Natun Chatrang 5. Gahpur Pathar 303 6. Balitika 7. Chengai Gaon 8. Badal Pathar 9. Delhousi T.E.The Draft Master Plan for Gohpur, 2041 has been prepared considering different aspects (within the constrains), including transportation aspect, and others those likely to affect activities and land use in the planning area in future. By and large, this plan is prepared as per provision of the URBAN AND REGIONAL DEVELOPMENT PLANS FORMULATION & IMPLEMENTATION (URDPFI) GUIDELINES 2015, prepared by the MINISTRY OF URBAN DEVELOPMENT, GOVT. OF INDIA under the guidance of the Town & Country Planning Organization and circular issued from time to time by the TCP Deptt., Govt. of Assam, Uniform Zoning Regulations, The Assam Notified Urban Areas (Other than Guwahati) Building Rules, 2014 are considered as it is already approved for all the towns of Assam including Gohpur by the Government of Assam.

The main aim of the infrastructural development of Gohpur town is to provide better facilities to the public. At the same time it is expected that this will provide convenience to all section of people, discipline and cleanliness and pollution control. Moreover the master plan for Gohpur will take care of the overall development of the entire planning area and it is planning to create a tourist route from Gohpur to Itanagar and Gohpur to Jorhat/ Sibasagar via Majuli.

## CHAPTER – II DEMOGRAPHY

The study growth of population its composition together with its characteristic is vital in planning a town or a region in order to evolve out planning programme in respect of physical economic and social development in a rational manner.

#### 2.1 TOTAL POPULATION, MALE/FEMALE POPULATION

Gohpur has grown into a multifunctional town with trade and commerce, as its main activity. Gohpur Master Plan Area had a population of 29,648 as per 2011 census and it had a gradual increase except during 1961-1971 in planning area excluding the municipal area. The table shows the population growth of Gohpur planning area.

Table No. 2: Population Growth of Gohpur Planning Area, 1951 - 2011

Year	Gohpur	Growth	Planning	Growth	Gohpur	Growth
	Municipal	Rate (%)	area minus	Rate (%)	Master Plan	Rate
	Area		Municipal		Area	(%)
			area			
1951	4229 <sup>+</sup>		3994		8223	
1961	6430 <sup>+</sup>	52.05	7436	86.18	13866	68.62
1971	7804 <sup>+</sup>	21.37	7226	(-) 2.82	15030	8.39
1991	8324+	6.66*	9593	32.76*	18188	21.01*
2001	9419	13.15	14518	51.34	23937	31.61
2011	12223	29.77	18079	24.53	30302	26.59

<sup>\* 20</sup> years growth rate.

<sup>+</sup>Town population has been calculated from the population of the villages, those included in Gohpur town which was created Vide Govt. notification no. **MA. 298/96/77** dated **06-10-1997**.

Sources: Census of India.

The above Table reveals that the rate of growth of population during 1951-61 and 1991-2001 were considerably high being 68.62% and 31.861% respectively. This is due to migration to the town from its hinterlands obviously for employment opportunities created due to establishment of many Government Offices and coming up no. of household industries. The growth of population during 2001-2011 was also high i.e. 26.59%, the growth of population during 1971-1991 was low compared to other decades i.e. 6.66% i.e. 3.33% per decade in Gohpur town area. But as per the census 1971, the rate of growth of population was negative i.e. (-)2.82% in the planning area excluding town area.

As per 2011 Census, the Schedule Cast and Schedule Tribe Population in Gohpur Municipality was 3.12% and 6.20% of total population respectively and that in entire planning was 7.22% and 6.11% respectively.

Table No. 3: Male & Female Population in Gohpur Master Plan Area 1951-2011

Year	Gohpur Munici	pal Area	Sex Ratio	Planni minus Munic area		Sex Ratio	Gohpur Master Plan Area	Gohpur Master Plan Area	Sex Ratio
	Male	Female		Male	Female		Male	Female	
1951	2305	1924	835	2133	1861	872	4438	3785	853
1961	3800	2630	692	4012	3424	853	7812	6054	775
1971	4150	3654	880	3784	3442	910	7934	7096	894
1991	4428	3896	880	5030	4563	907	9601	8587	894
2001	4952	4467	902	7484	7034	940	12436	11501	925
2011	6253	5970	955	9234	8845	958	15487	14815	957

(Sources: Census of India)

According to 2011 Census, the sex ratio i.e. number of female per 1000 males of Gohpur town was 955 which was same as the district urban ratio was 955. During the same year ratio for the planning area stood at 957 against that of the district was 956.

The 0-6 age group population of Gohpur Planning Area in 2011 was 3753 (12.38%)

#### 2.2 MIGRATION OF POPULATION

Among men, work and business account for one-third of total migrations, which is also the single largest reason for migration among men. While migration for marriage among women is skewed towards closer distances, men do not seem to factor in distance while migrating for work. Migration is the movement of people away from their usual place of residence, across either internal (within country) or international (across countries) borders. The latest government data on migration comes from the 2011 Census. As per the Census, India had 45.6 crore migrants in 2011 (38% of the population) compared to 31.5 crore migrants in 2001 (31% of the population). Between 2001 and 2011, while population grew by 18%, the number of migrants increased by 45%. In 2011, 99% of total migration was internal and immigrants (international migrants) comprised 1%. Internal migrant flows can be classified on the basis of origin and destination. One kind of classification is: i) rural-rural, ii) rural-urban, iii) urban-rural and iv) urban-urban. As per the 2011 census, there were 21 crore rural-rural migrants which formed 54% of classifiable internal migration (the Census did not classify 5.3 crore people as originating from either rural or urban areas). Rural-urban and urban-urban movement accounted for around 8 crore migrants each. There were around 3 crore urban-rural migrants (7% of classifiable internal migration). Another way to classify migration is: (i) intra-state, and (ii) interstate. In 2011, intra-state movement accounted for almost 88% of all internal migration (39.6 crore persons). There is variation across states in terms of inter-state migration flows. According to the 2011 Census, there were 5.4 crore inter-state migrants.

The density of population in Gohpur Municipal area and Gohpur Master Plan Area during the decade 2001-2011 was increasing and considering the normal growth of population by birth, it may be summarized that migration of population to Gohpur Municipal area and Gohpur Master Plan Area took place during that decade. The density of population gradually falls as we go away from the town, where population is sparsely distributed with pockets of settlements amidst agricultural land.

#### 2.3 HOUSEHOLD DENSITY AND SIZE

According to 2011 census, the gross density of Gohpur town was 1142 persons per Sq. KM. while it was 784 persons per Sq. Km for the entire planning area. The town registered population density of 880 persons per Sq. Km in 2001 while it was 619 persons per Sq. Km in Gohpur Master Plan Area. The increasing density of population in Gohpur Municipal area and Gohpur Master Plan Area during the decade 2001-2011 was influx of population to these areas during that decade. The density of population gradually falls as we go away from the town, where population is sparsely distributed with pockets of settlements amidst agricultural land.

The household size in Gohpur Municipal area and Gohpur Master Plan Area as per 2011 census was 4.46 and 4.76 respectively.

#### 2.5 POPULATION PROJECTION UP TO 2041

Considering the past and present growth and development factors, population upto 2041 are projected for Master Plan area and it is given in the table below:

The average decadal growth rates of population in Gohpur Municipal area and the Planning area excluding municipal area for the last 5 (four) decades i.e. 1951-61, 1961-1971, 1971-1991, 1991-2001, 2001-2011 have been calculated. The decadal growth rates of population for the next 3 (three) decades have been assumed the average decadal growth rate of past five decades for the different two areas. However, the decadal growth rate of population for the decade 2011-2021 is assumed 5% higher than the calculated average for municipal area and 15% higher than the calculated average for planning area excluding municipal area as there will be scope of physical development as most of the areas within the master plan area including municipal area are not yet developed. The growth rates for the next two decades i.e. 2021-2031&2031-2011 have been assumed 5% more than the previous decades but for municipal area for the decade 2031-2041, no increase in growth rate has been assumed.

Table No. 4: Population Projection: Gohpur Master Plan Area-2041

Year	Gohpur	Growth	Planning area	Growth	Gohpur	Growth

### **CHAPTER - III**

#### ECONOMIC BASE AND EMPLOYMENT

A sound economic base with the optimum use of local and regional resource is a basic requirement for all round development. A small town like Gohpur acts as a powerful link between rural settlement and more urbanized centers with regards to collection and distribution of economic inputs of the region and these influence the physical development of the region.

Economically, Gohpur Town is surrounded by many tea gardens for which many small and medium scale industries based on tea garden machineries has been set up in the town. Another one popular industry is furniture industry. Some other industries (Rice & Oil) are also setup based on everyday needs of the public. Thus, it occupies a fairly good position being rich in agriculture especially jute, rice, tea cultivation and forest resources. The town is situated in the close proximity furniture producing area.

Situated in the midst of tea, jute and rice growing areas, service of NH - 15 passing through the town, over the years the Gohpur town has been emerged as important trade and commercial center in the north bank of Assam. Tertiary sector dominates the economy of the town. As per 2011 Census functional category of the town belongs to Class IV town.

As per 2011 census only 57.06% of the total working population were non worker in Gohpur Municipal Area and that in the planning area, excluding municipal area, it was 64.14% which shows Gohpur needs setting up of industrial and economic activities.

Planners are concerned with the likely demands of land development for various economic activities, the possible location of these activities within a city or city regions; the broad relationship between these activities and the scale and timing of migration into and out of the area; Formal sector trading is to be promoted in the planning areas by providing necessary financial assistance from bank and training; Industrial activities and trading and services will provide income and employment; For weaker section care to be taken to provide employment and basic services under poverty alleviation scheme; Labor localities that have come up in the

sub urban villages, in the planning area deserve special attention; Horticulture, Fisheries, Diary and Poultry activities to be promoted in the planning area to provide local needs and export to other urban centers where there are sufficient demand.

#### 3.1 FORMAL SECTOR

AGRICULTURE: As per 2011 census, only 17.81per cent of the total main workers were engaged in cultivation in Gohpur Municipal Area; but in the planning area, excluding municipal area, it was 35.07%. Again only 3.83per cent of the total main workers were agricultural labourers in Gohpur Municipal Area; but in the planning area, excluding municipal area, it was 10.03%. Similarly, 22.20per cent of the total marginal workers were engaged in cultivation in Gohpur Municipal Area; but in the planning area, excluding municipal area, it was 23.67% and 12.55% of the total marginal workers were agricultural labourers in Gohpur Municipal Area; but in the planning area, excluding municipal area, it was 15.24%.

The three major agricultural commodities produced in the villages within Gohpur Master Plan area are –

Table No. 5: Major Agricultural Commodities in the villages within GMPA

Sl. No.	Name of Villages	Agricultural Commodities

Source: Census of India, 2011

It is observed that only four villages i.e. Majgaon, Gohpur T.E. Grant 654, Purup Bari T.E. W.L.A. 28, No.2 Naya Ghagra within the Master Plan area have been cultivating multiple corps.

TRADE AND COMMERCE: As per 2011 Census most of the workers were engaged in other category in Gohpur Municipal area as well as in Master Plan area, The Household industries found in the planning area are, mainly weaving, embroidery, cutting & tailoring, pickle & juice making, etc. Manufacturing units found in the planning area are furniture making units, steel fabrication units. The construction units found in the planning area are civil construction units only.

It has already been indicated that Gohpur town is a trade and commerce oriented town. The main trade and commercial activities both retail and wholesale have spring up above the National Highway - 15. With the improvement of regional transportation system and increase in population, the field of trade and commerce of Gohpur town is expected to increase fast. There is only one big regulatory market which occupies its position in the district of Biswanath as a whole. As per 2011 Census, in House hold industry, 7.34% of main worker were engaged in Gohpur Municipal area and that in planning area it was 3.23%.

Three most important commodities exports from the town are tea, jute, timber and most important commodities imported to the town are sugar, pulses and wheat. About 33.20% of the total work forces in the town area were directly engaged in the trade and commerce which was revealed from primary survey conducted by T & C P office, Tezpur. As per census, 2011 the two major manufactured commodities in Gohpur town were -1<sup>st</sup>- Mustard Oil and 2<sup>nd</sup>- Rice Products and Furniture Products was manufactured commodity in the village Gahpur Pathar in the entire planning area..

Source: Census of India, 2011 & Field Survey, 2020.

The wholesale trading is mostly concentrated in and around the weekly market of Gohpur Town. Wholesale cloth Market, Hardware market, food and food staff market are located on the both sides of NH-15 that passes through the town. The wholesale vegetable markets are found in the daily market of Gohpur town and most of the villages.

The both sides of NH-15 that passes through the town are the main centers for retail trade and commercial activity for Gohpur town and for the whole planning area. It also serves as

wholesale market for the nearby rural centers. The other shopping areas presently functions within Gohpur Master Plan Area are Delhousi Kachari Centre, Gohpur T.E. Grant655 centre etc.

INDUSTRY: Except a few saw mills, Rice Mill, Oil Mill, Chira Mill, few engineering workshop and Bakery, Gohpur has no such industrial establishment. Gameri Tea (green Tea); Gautam bakery (Mixed Namkeen) and Bamboo Land (Bamboo Stick) are three main industries in Gohpur. Since, the Master plan area occupies massive pockets of Govt. land and the region is rich in agriculture and forest the scope for establishment of agro based and forest based industries is wide if those resources are intensively tapped.

As per 2011 Census, only a few worker of Gohpur M.B. area were engaged in the industrial activity.

**SERVICES**: As per 2011 census, 60.71% of the total main workers were engaged in others category in the whole planning area out of which a major portion of workers engaged in service sector.

As Gohpur has to function as circle head-quarter, there is no. of government offices established in the town. Besides the offices a quite no. of educational institutions are found in the planning area and because of all these workers engaged in service sector in the planning area are quite high.

#### 3.2 INFORMAL SECTOR

Informal sector trade and commercial activities are generally seen in all the urban centers of the state. GohpurTown is also not exception in this respect. Roadside retail shops are found here and there in the municipal area as well as in the planning area especially in the villages near the town. Informal transport has been seen in the form of slow moving vehicles only. A large number of battery rickshaws etc. are plying in the planning area without license. Few household industries are running in the planning area without registration. Weaving, cutting and tailoring, embroidering, doll-making, agarbati making food related items etc. are some of these kind of industries found in the planning area. This informal sector business has been

increasing because of urban poverty. Urban poor mainly depend on this type of informal business to day to day earnings.

#### 3.3 OCCUPATIONAL PATTERN

The following tables have been prepared from Census of India, 2011 which reflect clearly the occupational pattern within Gohpur Municipal Area, Gohpur Master Plan Area excluding Municipal Area and total Master Plan Area.

Table No. 8: Occupational Pattern of Gohpur Master Plan Area (2011)

## CHAPTER - IV

#### HOUSING AND SHELTER

#### 4.1 HOUSING SCENARIO

Access to housing facilities, is a basic human need, next only to food and clothing. Effectively, society as a whole and poor in particular, must have access to livelihoods, finance and technology as well as relevant capacities, knowledge and skills for habitat development in order to enjoy the "right to shelter" (Assam Urban Affordable Housing and Habitat Policy, November 2015).

There is no codified policy for "Affordable Housing" but initiative has been taken by the government to produce the stock through various Housing Schemes which are implemented in the State of Assam but Gohpur had not implemented any of the Schemes of Central Govt. Schemes like Integrated Housing and Slum Development Programme (IHSDP), Basic Services for Urban Poor (BSUP), 10% Lump Sum Provisions for development Of NE States. Rajiv AwasYojana (RAY) and State Govt. Schemes like Assam State Housing Board Schemes, Janata Hosing Scheme, Rental Housing Schemes for Grade III & Grade IV Employee, HUDCO Finance for Composite housing Scheme, Projects under NLCPPR.

#### 4.2 HOUSING SUPPLY MECHANISM

The steady influx of population has reflected a new dimension to the socio-economic aspect of housing problem. The slow building construction activities due to high cost of building materials have further aggravated the problem. About 6.81% of the total residential houses are rented, the average size of house-hold being 4.72 persons as per primary survey. According to 2011 Census, the average size of household in Gohpur Municipality and in the entire planning area was 4.46 and 4.76 respectively. The PradhanMantriAwasYojana (Urban) has already taken care of the up-gradation of temporary structures of the poor within Gohpur

town and PMAY (Grameen) has started the same in the villages within Gohpur master plan area.

#### 4.3 HOUSING CONDITIONS

The housing survey reveals that there is practically no shortage of dwelling units, however about 4.0% of the existing houses are temporary in Gohpur MB area and 22% in the planning area excluding municipal area. Again the semi-permanent houses in Gohpur MB area and in the planning area excluding municipal area are about 43% and 63% of the total houses respectively.

Here permanent houses refer to those houses whose walls & roofs are made of pucca materials, i.e., where burnt bricks, G.I. Sheets or other metal sheets, stone, cement, concrete is used for wall and tiles, slate, shingle, corrugated iron, zinc or other metal sheets, asbestos sheets, bricks, lime and stone and RBC/RCC concrete are used for roof and Semi permanent houses refer to those houses made of other types of materials; again, temporary houses refer to those houses having wall and roofs made of kutcha materials, i.e., where, grass, leaves, reeds, bamboo, mud and un-burnt bricks are used for the construction of walls and grass, leaves, reeds, bamboo thatch, mud, un-burnt bricks and wood etc. are used for roofs.

Table No. 9: Type of Dwelling Units, 2020 in D.M.P.A.

Sl. No.	House Type	GMB		GMPA excluding GMB	
		No.	%	No.	%
1.	Permanent	42	47.71	31	14.49
2.	Semi-Permanent	43	48.58	134	63.35
3.	Temporary	3	3.71	47	22.16
Total		88	100.00	212	100.00

Source: Primary Survey, T&CP, Tezpur, 2020

#### 4.4 SLUMS-SQUATTERS AND INFORMAL HOUSING SHARE

The housing conditions of the people living in the slum areas are in deplorable condition. There were altogether 9 number of Identified (non-notified) slum pockets in Gohpur Municipal Area.

Table No. 10: Slum Pockets in Gohpur Town

Pooket no Name of the nacket

Niz Gohpur And Chatiachuk
Gorbasti
Madhya Chatrang and Chatrang
Rupnagar
Milannagar and Purubbari
Jyotinagar
Chatrang Guri and Mazgaon

Source: Town & Country Planning Office, Tezpur

After completion of EIUS (Environmental Improvement of Urban Slum) and NSDP (National Slum Development Programme) schemes, these pockets are now more or less as the other areas of the town.

#### 4.5 HOUSING STOCK, SHORTAGE AND NEED ASSESSMENT

As per projected population and existing deficit, housing requirement in the planning area estimated for the year 2041 is about 13191 (i.e. future need for 2041 = 56851/4.61 = 12,332) assuming that the existing deficit will be taken care of through PMAY (U) & (G). Housing for the needy ones are to be promoted with assistance from the Bank/ HUDCO/ Budgetary assistance and local mobilization of resources in cash or in kind; Upper poverty alleviation scheme, training to be provided to weaker section, they may construct the building, once materials, (locally available) are provided under Govt. sponsored / partly shared scheme; Land Development-Building construction linked scheme is proposed to initiate under HUDCO/ FIs for better off section.

#### **CHAPTER - V**

#### TRANSPORTATION

#### 5.1 OVERVIEW OF CRITICAL ROADS AND THEIR IMPROVEMENTS

The existence of adequate transportation facility is the prime factor for the socio- economic development of a region. The availability of good serviceable roads is as important as the availability of the other service like water, electricity, drainage etc. Any shortfall in the serviceability of roads immediately results in a great dissatisfaction amongst the citizens. It is, therefore, necessary that the roads in the City Area are designed, constructed and maintainedproperly. The roads in the city area are constructed by contracting system. Maintenance operation can be broadly divided into two types- preventive maintenance and corrective maintenance.

Table No. 11: Registration of Slow Moving Vehicle in Gohpur MB(Nos.)

Year	2016	2017	2018	2019	2020
Type of vehicle					
1. Rickshaw	30	30	5	5	5
2. Thela	45	45	10	10	10
3. Cycle	600	650	730	810	840
4. Battery Rickshaw	0	5	40	130	180

Sources: Gohpur M.B, 2020

Registration of the 3 (except Battery Rickshaw) and 4vehicles purchased within the Gohpur Master Plan Area have been registered in Biswanath District Transport Office, thus it is impossible to find the yearly registration figure of 3/4 and above wheeler vehicles for Gohpur Master Plan area, but registration of Slow Moving Vehicle in Gohpur MB(Nos.) is given above.

It is seen that a large number of battery rickshaws (Tumtum). are plying in the planning area and a few that is 180 nos. were registered in Gohpur MB.

For Gohpur Master Plan area NH-15 which is running through almost the centre line of the planning area has become overcrowded and congested. The different types of roads within Gohpur Master Plan area are as given below-

Table No. 12: Condition of PWD Road in Gohpur Master Plan Area, 2020

Sl. No.	Types of Road	Road Length in km	%
1	Surface Road	45.00	42.06
2	Graveled road	10.00	9.35
3	Kutcha Road	40.00	37.38
4	Pavers Road	12.00	11.21
	Total	107.00	100.00

2	Graveled road	22.00	23.91
3	Kutcha Road	18.00	19.57
4	Pavers Block Road	45.00	48.91
	Total	92.00	100.00

Source: Gohpur Municipal Board

## 5.2 <u>BUS TRANSPORT TERMINALS</u>, <u>BUS TERMINUS</u>, <u>BUS PARKING BAYS</u>, MAJOR BUS STOPS

There is no any Bus Transport terminal within Gohpur Master Plan area. There are 2 Nos. of bus stand i.e. (1) A.S.T.C. Bus Stand and (2) Public Bus Stand located in nearby N.H.-15 within Gohpur Municipal limit/

The route position of A.S.T.C. / A. P. S. T. C. is given below:

Origin	In	Out	Passengers
Gohpur	15	15	300 per day

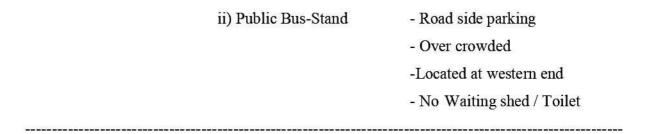

Sources: A.S.T.C., Gohpur, 2020

The A.S.T.C. station at Gohpur is under Tezpur A.S.T.C. Station.

The 'GohpurBus Malik Santha' an organization of bus proprietors, has a private bus stand at Ward No. 4. The private buses are plying from this stand. There are approximately 40 nos. of buses/ mini buses like 709, 609 and 407 are plying. Another 48 nos. 'magic' mini buses are also plying from that stand. Altogether 1600 (approximately) passengers are plying from this stand.

Table No. 14: Analysis of Existing Conditions of the Bus Stands

Terminal Center	Location	Observation
A. Inter-City/hinterland		
1. Passenger	i) ASTC Bus Station	- Located at center of the town.
		- More or less planned
		- Waiting shed / Toilet are
		Availablebut quality to
		be improved.

#### 5.3 NETWORK OF ROADS (NH, SH, DISTRICT ROADS ETC.)

The N.H.-15 which connects North Lakhimpur on the East and Biswanath Chariali/ Tezpur on the east plays a vital role throughout the region, passing through Gohpur on the North bank. The NH 415 is another National Highway which connects Itanagar with Gohpur. There is no any State Highway connecting Gohpur rather one no. of Other District Roads a good nos. of PWD roads connected Gohpur with its hinterlands.

#### 5.4 TRUCK TERMINUS, FREIGHT ZONES, LOGISTICS

There is no any Truck Terminus within Gohpur Master Plan area. The observation of truck parking within Gohpur Master Plan area is as follows-

Table No. 15: Analysis of Existing Conditions of the Truck Parking

Terminal Center	Location	Observation
A. Inter-City/hinterl	and	
1. Goods	Truck Stand	- No Organised stand
		- Roadside truck parking

Gohpur Railway Station(station code - GPZ) is well-connected to all major Indian cities. There are 4 weekly trains running from Gohpur. There are no trains originating, 4 trains passing and no trains terminating at Gohpur Railway station. Gohpur railway stations act as freight zone and logistics as all the goods imported to Gohpur& exported from Gohpur are loaded and unloaded at the two Railway Stations.

The unorganized freight zones and logistics present within the Gohpur Town are to be shifted to the proposed Transport Terminals at Majgaon/Chengai Gaon.

#### 5.5 FOOTPATHS

A few of the roads within CBD area of Gohpur Town have only footpaths. Part of the footpaths is found during land use survey either occupied by the informal businessmen and/or the adjacent shopkeepers by placing the goods on footpaths.

Footpaths in the CBD area are to be reconstructed with floor tiling and road side railing and Gohpur Municipality to pass order not to occupy the footpaths by any shopkeepers/ informal businessmen and to keep free for pedestrian movement.

#### 5.6 PARKING

There is no organized parking area within the Gohpur Town and entire planning area. Onroad parking has been found without any planning which leads to traffic congestion now and then.

As the NH 15 has been reconstructed with four lanes, vehicle parking areas are to be identified by Gohpur Municipal area in the outskirt of busy town area to avoid traffic congestion in the city centre.

#### 5.7 AREAS WITH MAJOR TRAFFIC CONGESTION

The following tables shows the major traffic congestion in Gohpur Town and the entire planning area –

Table No. 16: Areas with Major Traffic Congestion in the Planning Area

	<u>Area</u>	<b>Location</b>	<u>Description</u>
A. Town Area		(i) Railway Station Point	Entry to link Circle Office Hospital, Offices, School.
		(ii) Thana Point	Entry to Thana (North) & Dhenudhara Gaon(South).
		(iii) SDO (C) Point	Entry to offices.
		(iv) Purub Bari Point	Entry to market, Temple
			& Tea Estate.
		(v) Gohpur gate Point	Entry to Weekly market, Tea
			Estate, Forest Reserve
B.	Magani Pam	(i) Magani Pam Centre Point	Entry to residential area.
C.	Balitika Gaon	(i) Milanpur Point	Entry to residential areas of Balitika & Badal Pathar Gaon.

#### 5.8 IMPROVEMENT OF ROTARY AND JUNCTIONS

A modern traffic rotary was constructed recently at the junction point of NH-15 & NH-415 which started regulating the traffic flow towards Itanagar, Lakhimpur, Biswanath Chariali. Except that no any traffic junctions are found within the entire planning area of Gohpur either developed or maintained properly.

A traffic controlling point is found at Railway Station Pointwhich is the only traffic controlling point in the entire planning area but due to the ongoing construction of 4-lane NH-15it has become useless.

The traffic junctions at Railway Station Point, Thana Point, SDO (C) Point, Purub Bari Point, Gohpur gate Pointwithin Gohpur Municipality are to be developed and Magani Pam Centre Point, Milanpur Pointwithin the Planning are need improvements.

#### 5.9 STREET LIGHTING AND PROPOSED IMPROVEMENT PLAN

A few of the roads within CBD area of Gohpur Town have only Street lights and those were found mostly off round the year creating havors among public, indulging theft and difficulties in pedestrian movements.

Recently, a good no. of High Mast lights i.e. 12 nos. have in installed in major points within Gohpur Town which illuminates the town to some extent.

A project for scientific Street Lighting should be taken up for the entire planning area of Gohpur.

#### 5.10 SIGNAGE, AVAILABILITY AND REQUIREMENTS

Only the National Highway- 15 and a very few PWD roads within the GohpurDraft Master Plan area have road signage.

The signage for the other major Roads needs to be done immediately.

#### 5.11 MAJOR ROAD PROPOSALS

Proposed growth and functioning of any area and its efficient management is very much dependent on the circulation pattern and it is vital part of the whole physical plan. The proposed circulation pattern envisages effective linkage within the region and direct linkages between different areas and functionally interrelated uses for easy accessibility. Following is the hierarchical classification of roads;

- a) NH-15- width 60.0m
- b) Major roads that will cater major movements between areas- 9.0m
- c) Minor roads or secondary distributors will distribute traffic within each area-7.5m

d) Local access road will carry traffic to each locality and lead to individual- **6.0m**All major roads within the planning area are to be widened; and improved; missing link, if any is proposed for development to bring the road network efficiency. Analternate road is proposed in the planning area to divert traffic from the core of Gohpur town.

#### **CHAPTER -VI**

#### INFRASTRUCTURE PUBLIC UTILITIES & SERVICES

#### 6.1 PHYSICAL INFRASTRUCTURE

#### 6.1.1 WATER SUPPLY

Potable piped water supply had been provided to the residents of Gohpur town with the help of 2 (two) nos. of water supply schemes of the Municipal Board since 1979 and 1983 and 78% of the municipal area was covered by these water supply schemes with 500 home connections as well as 48 stand pipes for urban poor. The systems of storage tank were Overhead Tank with capacity of 43 & 26 kilolitres respectively. (Source: Census of India, 2011). These two W S Schemes were handed over to Assam Urban Water Supply & Sewerage Board during the year 2009. Assam Urban Water Supply & Sewerage Board has been running a new water supply scheme with the help of pressure tank with capacity of 2275 kilolitres, at present only 232 nos. home connections are found in Gohpur town. (Source: AUWSSB, 2000)

As per census, 2011 households of the villages within the Gohpur Master Plan are i.e. Ghagora Basti, Chengai Gaon, Badal Pathar, Gohpur T.E. Grant 692/652, Gohpur T.E. Grant 654, Gohpur T.E. Grant 655, Purubbari T.E. Grant 699 are found having treated tap water round the year. Again the households of the villages within the Gohpur Master Plan area Hatibandha Pam, Magani Pam, Purup Bari T.E. W. L.A., Balitika, No.2 Naya Ghagra, Ali Tala, Barghuli, Gahpur Patharare found having treated tap water during summer months only. The households of the villages within the Gohpur Master Plan mainly use Hand pumps/tube wells and Bore holes. All the villages within Gohpur Master Plan area is going to cover under JalJeevan Mission which will cater all houses with tap water connections.

#### 6.1.2 DRAINAGE SYSTEM

Gohpur Town has practically no storm water drainage system and sewerage system. Like many other towns in Assam, during rainy season low lying areas are water lodged whenever there is a heavy shower. The most of the drainage system of this town are both open and closed drains. In residential areas the roadside drains are found often blocked which aggravates the situation worse. In order to keep the town free from water logging a drainage system should be planned and the stream flowing through the area should be utilized for this purpose.

Table: No. 17 Condition of Municipal Drain in Gohpur Municipality, 2020

Type of Drain	Length in Km	% of the Total
R.C.C.	28	39.44
Brick	Nil	0.00
Kutcha	43	60.56
Total	71	100.00

Source: Gohpur MB, 2021

Photo showing urban flooding in Gohpur Town near APDCL Office

Under the different programs of urban development 28 KM RCC drain had been constructed by Gohpur Municipal Board during last few years which has solved the water logging problem in the town to a considerable extent. Among the villages within the Gohpur Master Plan Area only Balitika Gaon has open pucca uncovered drais and Hatibandha Pam, Magani Pam, Gohpur T.E. Grant 692, Majgaon Part, Gohpur T.E. Grant 655, Gohpur T.E. Grant 654, Purubbari T.E. Grant 699, Purup Bari T.E. W.L.A. 28, Delhousi T.E., Purup Bari T.E.Grant 670, Padma Pur, Delhousi Kachari have open kutcha drains. (Source: Census of India, 2011)

#### 6.1.3 SANITATION

As per 2011 census there are 538 nos. flush latrines, 750 pit latrines, 780 service latrines and 450ther latrines within Gohpur town. The IHHL (Individual Household Latrine)Mission Target for Gohpur Town was 380 nos. and Number of IHHL Constructed was 380 nos. i.e. 100% and Geo-Tagging was completed for 380 nos. (100%)

Number of Community Toilet (CT)/ Public Toilet (PT) completed within Gohpur Town are: Community Toilet (CT) - 6 seats at Ward No.5 Sunday weekly market, 4 seats at SHG Market, Ward No. 64 seats at Office Campus, Ward No.2; 2 seats at ASTC Bus stand, Ward No. 4 and Geo-tagging process completed. (Water connection is available to all).

All the Wards of Gohpur town have been declared O.D.F. i.e. ODF Certified.

No any villages within Gohpur Master Plan area are under Total Sanitation Campaign. No community toilet (CT)/ Public Toilet (PT) with or without bathrooms are found in any village within Gohpur Master Plan area.

#### 6.1.4 SEWERAGE NETWORK

As in other towns of Assam, Gohpur town and its neighbouring villages do not have sewerage network. People in the planning area depend on septic tank with soak pit and/ or pit latrine.

#### 6.1.5 SOLID WASTE MANAGEMENT

The details of Solid Waste Management in Gohpur Town is as given below-

#### Solid Waste Management

1. Door to door collection of waste : 6 (No. of Wards covered) out of 6 wards

2. Segregation of Waste : 5 no's of wards but not 100%.

3. Waste processing, if any : Most of the household process their waste by

doing home composting and municipality collects the dry waste daily/alternate basis.

4. No. of NGOs/Contractors engaged : Nil, will engage NGO/SHG after

Development of Solid Waste Management Plant at Landfill.

5. Reason for slow progress, if any : Due to Scientific site, facing problem in

disposal of waste and source segregation.

6. Dumpsite Details : Kanibori ,ward no:3

7. IEC & Public Awareness

- School Level Awareness Campaign on Solid WasteManagement and Plastic Waste Management within municipal area.
- 2. House to house Leaflets distribution in all wards and in commercial areas on source segregation along with awareness on single use Plastic going done Gohpur Municipal Board.
- 3. Azadi ka Amrit Mahotsav.
- 3. 6 (Six) numbers of Plastic Banks set up within GMB area for collection of all kinds of plastic waste.
- 4. Mike Announcement done GMB on source segregation, band on Plastic, fines to illegal pollutants, use of twin bins(Green and Blue) etc. doing on regular basis.
- Inter School Art/Essay competition among school students done on theme "Plastic
  Mukta Bharat", to bring awareness on plastic as
  part of Swachhata Hi Seva by GMB.
- Imposition of penalty to willful pollutants has been initialized, Notices issued by GMB and yet to be started soon.
- 7. Imposition of penalty to willful pollutants has been initialized, Notices issued by GMB and yet to be started soon.

8. Twin bins (Blue & Green) distributed among the shops/establishments to encourage on source segregation.

1684 Nos. of domestic connections and 194 Road Lighting connections were facilitated in Gohpur town and in the planning Area 578 Nos. of domestic connections, 34 commercial connections and 232 Nos. of Agricultural connections were found. (Source: Census of India, 2011)

## 6.2 SOCIAL INFRASTRUCTURE SCHOOLS, COLLEGES, UNIVERSITIES

The total literacy rate of Gohpur was 64.24% in 2011 which is lower than average literacy rate 72.19% of Assam. The male literacy rate was 81.75% and the female literacy rate was 72.90% in Gohpur town and that the percentage within Master Plan Area excluding municipal area was 55.32% and the male and female literacy rates were 61.48% and 48.90% respectively

Table No. 19: Literary Rate in GMB, GMPA with comparison to State and National

Total	77.43%	55.32%	64.24%	72.2%	73.0%

Source: Census of India, 2011

There are good nos. of Primary School, Middle E/V School. High School, Higher Secondary School and Junior College in Gohpur town as well as in the planning area. But within the

entire planning area there is only one graduate college viz. Chaiduar College with Arts Stream, affiliated to Gauhati University, which was established in 1967 at Gohpur by a few humble citizens of this region with active financial and moral support from the neighbouring populace. Being the only full-fledged institution of higher learning in Chaiduar, the college is continuously serving the academic as well as social needs of the region stretching from Buroi to Howajan. The college was subsequently placed under deficit grants-in-aids by Government of Assam in 1977. Realizing the ever growing need of Science education, Science Stream was started in 1987 and was placed under deficit grants-in-aids in 1998. To cope with the present day needs, the college has introduced some Career Oriented and Computer courses in 2006 and the much needed Commerce Stream in 2012.

The distribution of educational institution within the Gohpur Planning areas is given in Table No.13.

Grant 655, again Primary Health Sub Centres are found in the villages Gohpur T. E. Grant 655, Purub Bari WLA 28, Padma Pur, Ghogra Basti, Borguli anf Gahpur Pathar with 1-2 no. doctors and 1-3 no. para-medical staff. Moreover the village Gohpur T. E. Grant 655 has 1 TB hospital with 1 no. doctor and 1 no. para-medical staff each; 1 no. Alernative Medicine Hospital (Ayurvedic) with 1 no.doctor and 2 nos. para-medical staffand 1 no. Dispensary with 1 no. doctor and 5 nos. para-medical staff.

There is 1(One) no. of Veterinary Hospital with 2 nos. doctor and 5 para-medical staff in GohpurMaster Plan Area only and other villages do not have any health facilities. (Source: Census of India, 2011)

The establishment of Lakhimpur Medical College at North Lakhimpur at a distance of 62.7 KM from Gohpur which has been presently fulfilling the need of serious health issues of the citizens of Gohpur Master Plan area.

## PARKS AND PLAY GROUND

The whole planning area is lacking in organized parks and play grounds. Kanaklata Park, located in front of the Gohpur Police Station in Ward No. 4 of the town, is a comparatively small simple park but with historical significance. The park is very well maintained and has a large pond dating back Ahom kingdom era. The park serves as an open-air space for the congested Gohpur area. It has many shady trees as well as statues of freedom fighters Kanaklata Baruah and Mukunda Kakati. During the festival seasons like Durga Puja and Shiv Ratri, the park is used for various cultural and social activities. Kanaklata Park is a pleasant and peaceful park and is a good place to rest after a hectic day of sightseeing in Gohpur. The park is named after Kanaklata Baruah, the legendary martyr, who lost her life in 1942 during India's struggle for Independence.

There is a big play ground covering an area 30 bighas in Ward No. 3 of Gohpur Town under Gohpur Sports Association. The Gohpur HS School play -round in Ward No. 3 fulfills need of the town for arranging Govt. meetings specially the Republic Day & Independence Day.

### SOCIAL AND CULTURAL INSTITUTIONS

Gohpur is well advance in social and cultural activities. Gohpur Sub Division Library is the only public library within the entire planning area, located in Ward No. 3. Gohpur Town has 1 (One) nos. municipal and 4 nos. Government Auditorium/ Community Hall. A proposal for construction of a Modern Town Hall in Gohpur town under 5<sup>th</sup> Finance Commission's Grant is under process.

#### POLICE PROTECTION AND FIRE PROTECTION

At Gohpur Town, there is one Police Station namely GOHPUR POLICE STATION. The whole planning area covers under the control of the Gohpur Police Station.

There is a fire fighting unit office nearGohpurtown at Borghuli village under the Directorate of Fire Services, Assam, which serves the entire planning area.

# CREMATION GROUNDS AND GRAVE-YARDS

There are two cremation grounds –one in ward No.3 Konibori area and the other at ward no. 5 near Gohpur weekly market and one grave yard for Christians in ward No.5 near Gohpur weekly market within Gohpur Municipal limit. There are two grave yards at Gohpur town, one for Muslims and other for Christians. Hindu people in the planning area generally use their own land for this purpose and Christian people come to Gohpur Municipality's grave yard.

# CHAPTER -VII

# ENVIRONMENT AND CITY BEAUTIFICATION PLAN

With increasing awareness of the role that a healthy and clean environment plays in the well being of the societies, governments are adopting environment friendly approaches in conduct of development activities. The Draft Master Plan for Gohpur, 2041 proposes many ideas to improve prevailing conditions those fail to adequately address the wide range of issues that have hobbled development in the Gohpur town.

## 7.1 ECO-FRIENDLY AREAS

The tea garden areas, agricultural areas, recreational & open spaces and river & water bodies within the whole planning area are the eco friendly areas for the Gohpur Master Plan. These area measures as 30.53 Sq. Km which is about 72.74 % of total Gohpur Draft Master Plan area of 41.97 Sq.Km. Moreover, the bothside banks of the River Chatrang are eco-friendly areas for the entire planning area.

# 7.2 PLAN/ MEASURES FOR PROTECTION AND CONSERVATION OF ENVIRONMENTALLY- FRIENDLY ZONES

55.96% i.e. 23.49 Sq. Km. out of total Gohpur Draft Master Plan area of 41.97 Sq.Km. has been left undeveloped out of which 7.05 Sq. Km (16.80%) will be Tea Garden, 13.94 (33.21%) will be Agricultural use and 0.25 Sq. Km. (0.60%) will be Green belt. These all will be take care of environmental of the whole Master Plan area of Gohpur. Moreover, along the both banks of the River Chatrangupto 45 (Forty five) feet no development will be allowed in future except sports and aquaculture activities. Recreational area is proposed on the banks of the rivers flow though the planning area.

# 7.3 CITY BEAUTIFICATION PLAN

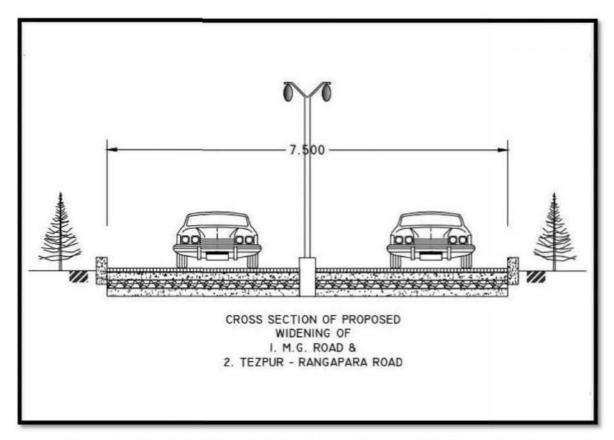

The Kanaklata Park at Ward No.-4 will be developed as recreational centres with all modern facilities as per national standard. A multi-media show with the story of Kanaklata Baruah will be arranged in the Bor-pukhuri in the every evening to attact local and foreign tourists.

Photo: Kanaklata Park at Ward No.-4 at Gohpur Town

All the modern children playing equipments will be placed that park. All the water sports facilities will be introduced in the Bor-pukhuri within the park..

The proposed alternate Road will be 2-lanes with divider in between where plantation will be of different species which will create a good look to the entire Master Plan area.

CROSS-SECTIONAL DRAWING OF PROPOSED RING ROAD IN GOHPUR MASTER PLAN

The road leading to Dhandi Devalaya (Ruins of this temple can be ascribed to the Ahom Kings dated back to 18th century CE. On plan, the temple is octagonal and built over a raised platform. It was damaged in 1897 due to an earthquake) to be improved so that the tourist visit to Gohpur will go there and enjoy the ancient monuments.

# **CHAPTER - VIII**

# LAND USE PLAN

As per 2011 Census of India, the total land area within the GohpurDraft master Plan was 42.50 Sq. Km which is more than 41.97 Sq. Km. as derived from the map prepared from the cadastral maps those were collected from revenue department and the reason for this variations might be the inclusion of area of road, water body etc. in the boundaries of two different villages twice.

<u>Table 21: Town/ Village wise Geographical area within Draft Master Plan for Gohpur as per 2011</u>
<u>Census</u>

Town / Village Name	Total Geographical Area(in Sq. Km.)
Hatibandha Pam	1.10
Magani Pam	1.09
Gohpur T.E. Grant 692/652	1.94
Majgaon	0.80
Gohpur T.E. Grant 655	0.82
Gohpur T.E. Grant 654	1.53
Purubbari T.E. Grant 699	1.70

Gahpur Pathar	2.04
Bherveri Pathar	2.43
Gohpur Town	10.70
Total	42.50

Source: Census of India, 2011

One of the fundamentals of planning process is to know the existing uses of land. It has already been indicated that Gohpur town is of recent origin where in ribbon type development along the major road have come up in a haphazard manner. Gradually, with the growth of commercial activities, urban expansion has been taking place. Therefore, to provide a coherent land use pattern for future development it has been studied as follows.

## 8.1 DEVELOPABLE AND NON DEVELOPMENT AREA OF THE MASTER PLAN

Gohpur Municipal area and its neighbouring 23 (Twenty three) villages are included in the Draft Master Plan Area for Gohpur – 2041. The construction of NH 415 connecting Itanagarand the proposed construction of construction of the underwater tunnel connecting Gohpur and Numaligarh through the mighty river Brahmaputra has opened a new development corridor for the North Bank of Assam. All these factors are considered while submitting plan proposal for Gohpur town.

Only 12.08 Sq. Km which is about 28.78% of total GohpurDraft Master Plan area is developed area as per the primary land use survey conducted by the Town & Country Planning Office, Tezpur in 2019. And an area 21.67 Sq.Km. (51.63% of total Master Plan area) is found non- developed. Moreover, the residential use continues the major land use within the town and its immediate outskirts, while the villages within the master plan area are predominantly covered by tea gardens, paddy fields.

The table given below depicts the land use distribution is the Gohpur Planning area and the percentage of area covered by each type of land use.

Table No. 22: Existing Land Use, 2021: Gohpur Master Plan Area

			% to Master
Land Use	Area in Sq. Km	% to Developed Area	Plan Area
1. Residential	8.36	69.21	19.92
2. Commercial	0.35	2.90	0.83
3. Industrial	0.14	1.16	0.33

Source: Circle Office, Gohpur, 2017

The scope of development of the Gohpur Master Plan area is expected to be guided by the following factors:

- Development activities in the GohpurTown and trading and transport activities and others functions like administration, education and culture and industrial activities;
- ii) Construction of NH 415 connecting Itanagarand the proposed construction of the underwater tunnel connecting Gohpur and Numaligarh through the mighty river Brahmaputra has opened a new development corridor for the North Bank of Assam;
- iii) Vast vacant land within the master plan area.

On the basis estimated population and functional requirement, future trend of growth, suitability of land for development and availability of government vacant land; a land use plan is prepared for the Master Plan Area to guide the future physical development.

The proposed land use plan is prepared based on the following consideration:

- i) Minimum dislocation of the present land use path
- ii) The trend of natural growth pattern of the village
- iii) Inter- relationship of various land use classification
- iv) Possible spill over of the various activities from Gohpur Town

Land	Area	% to	
use	in	Developed	% to total Master Plan
Category	Sq. Km.	area	Area
1. Residential	14.39	73.57	34.29
2. Commercial	0.99	5.06	2.36
3. Industrial	0.25	1.28	0.60
4. Public & Semi Public	0.76	3.89	1.81
5. Composite Zones or Mixed Zones	0.60	3.07	1.43
6. Recreational & Open Space	0.53	2.71	1.26
7. Transportation	2.04	10.43	4.86
Total Developed Area	19.56	100.00	
8. Water Bodies	1.17		2.79
9. Tea Garden	7.05		16.80
10. Agricultural	13.94		33.21
11. Green Belt	0.25		0.60
Total Master Plan Area	41.97		100.00

Table No. 24: Proposed Land Use for Gohpur Master Plan Area - 2041

**RESIDENTIAL USE:** An area of 14.39 Sq. Km of land is proposed for Residential use. However in course of time Residential Land Development are to be taken up for planned development along with basic infrastructure; main residential areas are proposed in the normal expansion of existing villages along with emerging development corridor.

An affordable housing Scheme has been proposed within the area proposed for composite use in Borghuli Gaon& Balitika Gaon.

- **8.2.2 COMMERCIAL USE:** An area of 0.99 Sq. Km is proposed under commercial use. Gohpur town market will dominate the trading activities and the weekly market will dominate the wholesale trading. However secondary centers are proposed at BorghuliGaon (Milanpur chowk), Magani Pami Gaon centre, ChengaiGaon and MajGaon No. 2 naya Ghagra.
- **8.2.3 INDUSTRIAL USE**: An area of 0.25 Sq. Km.are proposed for industrial development under three categories; light, medium and obnoxious category; Industrial areas

are proposed adjacent to the existing industrial estate at ward No. 3 of Gohpur town as well as in Hati Bandha Pam gaon.

**8.2.4 PUBLIC & SEMIPUBLIC USE:** An area of 0.76 Sq. Km. of land is proposed under public and semipublic use. New office/ institution complexes are proposed to construct in ward no. 4 of Gohpur town reconstructing the existing small offices by converting into a multi-storeyed mini Sub-Divisional level Office building where large number of offices can be accommodated in one campus and supporting facilities may be provided. Land for new office/ institution complex is proposed at Ward No. 3 i.e. Tangana Gaon & Kukurjan. The proposed dumping ground site at ward no. 1 is to be scientifically developed as per NGT guidelines.

Again, an area of 0.60 Sq. KM in Borghuli Gaon & Balitika Gaon has been proposed for Composite/Mixed use.

- **8.2.5 RECREATIONAL AND OPEN SPACE:** An area of 0.53 Sq. Km.of land is proposed under this category. Recreational area is proposed on the banks of the rivers flow though the planning area. New water sports have been proposed in the tank near to the newly constructed traffic rotary connecting NH-15 & NH-415. The play ground in the Ward No. 3 at Koni Bori under Gohpur Sports Association will be developed atleast as state level stadium.
- **RANSPORT & COMMUNICATION:** An area of 2.04 Sq. Km. of land is proposed under transport and communication. All major roads within the planning area are to be widened; and improved; missing link, if any is proposed for development to bring the road network efficiency. Analternate road is proposed in the planning area to divert traffic from the core of Gohpur town. A modern transport terminal has been proposed at Maj Gaon, on a Govt. vacant land 8 (Eight) Bighas, 3(three) Kathas& 13 (Thirteen) Lessa and Ghogra Basti Gaon where Bus/ Truck bays with logistics will be created.
- **8.2.7 AGRICULTURAL USE**: An area of 13.64 Sq. Km. of land is proposed for agriculture use. These areas may provide vegetables and perishable requirement to the planning area; economic program may be initiated in phases for urban cultivation in course.

**8.2.8 GREEN BELT:** An area of 0.25 Sq. Km. is proposed under Green Belt Zone. It will work as buffer zones between two developed uses either of same use or of different uses.

# 8.3 COMPOSITE ZONES OR MIXED ZONES

Out of the area of proposed for Public and Semi Public Use, an area of 0.60 Sq. KM in Borghuli Gaon & Balitika Gaon has been proposed for Composite/ Mixed use. An affordable housing Scheme has been proposed within this composite area.

#### ENFORCEMENT OF MASTER PLAN

The proposed master plan once approved and adopted by the Govt. of Assam, will be enforced by a Development Authority to be created under Assam Town & Country Planning Act, 1959 (as amended) for the villages included in the Master Plan and Gohpur Municipality for the municipal area with the provisions of Uniform Zoning Regulations & The Assam Notified Urban Areas (Other than Guwahati) Building Rules, 2014 already approved by the Govt. of Assam.

# CHAPTER - IX

# PROPOSED PROJECT'S BRIEF AND TENTATIVE FUNDING SOURCE

Without proposing projects, a master plan prepared for a town cannot be completed one. The major infrastructure projects for the entire Gohpur Master Plan area will be Storm Water Drainage Network, Sewerage Treatment Plan, and Potable Water Supply to all the households of Gohpur Master Plan etc.

The Drainage Master Plan for Gohpur will be prepared by Drainage & Sewerage Division, Guwahati, Town & Country Planning Assam. The Sewerage Network Plan will be prepared by Drainage & Sewerage Division, Guwahati, Town & Country Planning Assam, STP site has been proposed within the area earmarked for solid waste management. All the households within entire Gohpur Master Plan area will have pipe water supply connection under JalJeevan Mission (Urban) & Rural.

# 9.1 <u>BASED ON EXISTING CONDITION AND PROJECTED REQUIREMENTS OF</u> THE PLANNING AREA

Based on the existing infrastructure analysis, some of projects have been proposed like-

# 1. Roads

Name of the scheme	Sl. no.	Type of road	Length of the Roads in m.
Construction of	1	Roads under Municipal area.	40000.00
Road within Gohpur Master Plan Area	2	Roads under Master Plan area.	50000.00
		Total	90000.00

## 2. Storm Water Drains & STP

Type of projects	Length of the existing drain in m.	Length of the drain to be constructed	Unit
Storm Water Drains for Gohpur	*		
Master Plan Area			
Type 1	28000.00	3000.00	m
Type 2	1-	25000.00	m
Type 3	.=	15000.00	m
Sewerage Treatment Plant for whole Marea	Master Plan	1	no.
Total		43000.00	

- 3. Street Lighting for the entire Gohpur Master Plan Area.
- 4. Solid Waste management Project.
- 5. One Modern Park.
- 6. Two bus/ truck bays with logistics.

# 9.2 <u>FUND REQUIRED FOR EACH SECTOR/PROJECT IDENTIFIED UNDER THE</u> <u>SECTORS</u>

Fund required for the above-mentioned projects have been calculated as per the latest Delhi Schedule of Rates.

1. Roads

	Sl.	Type of	Length of	Cost for construction in Rs.	Total estimated
	no.	road	in m.	For 1.00m Road with Paver Block	cost in Rs.
Improvement of Road within Gohpur Master Plan Area	1	Roads under Municipal area.	40000.00	6083.71	243348400
	2	Roads under Master Plan area.	50000.00	6083.71	304185500
		Total	90000.00		547533900
			Sa	ıy, Rs.	547534000

# 2. Storm Water Drains & STP

3. Street Lighting with LED Bulb for the entire Gohpur Master Plan Area.....

Rs. 3.00 Crores

4. Solid Waste management Project	Rs. 8.00 Crores
5. One state level playground.	Rs. 25.00 Crores
6. Two nos. Bus/ Truck bays	Rs. 20.00 Crores

# 9.3 IDENTIFICATION OF LAND SITE OF PROPOSALS

The sites for the above-mentioned projects are shown in Proposed Land Use Plan of Gohpur Draft Master Plan, 2041

# 9.4 INDICATIVE SOURCES OF FUND

The source of the fund for the above- mentioned projects will be sought from gifferent Urban Development Schemes/ Programmesof Govt. of India and Govt. of Assam.

# CHAPTER - X

# DISASTER PLAN

Gohpur falls under Seismic Zone V and witnessed two major earthquakes in the region. The Assam-Tibet Earthquake of 1950 measuring 8.5 in the Richter scale was the worst felt earthquake in the district and nearly 4000 people lost their life in the state. With increased density of urban population over the period combined with haphazard growth the risk from earthquake has increased manifold. Data on disaster occurrence, its effect upon people and its cost to countries, are primary inputs to analyze the temporal and geographical trends in disaster impact. Disaster losses, provide the basis for identifying where, and to what extent, the potentially negative outcomes embedded in the concept of risk is realized. They help to understand where, and to whom, disaster risk becomes impact. They also provide the basis for risk assessment processes, a departing point for the application of disaster reduction measures.

Development cannot be sustainable unless disaster mitigation is built into development process. Investments in mitigation are more cost effective than expenditure on relief and rehabilitation. Prevention and mitigation contribute to lasting improvement in safety and are essential to integrated disaster management. Disaster response alone is not sufficient as it yields only temporary results at very high cost. So emphasis must be on Disaster prevention, mitigation and preparedness, which help in achieving objectivity of vulnerability reduction. As per Section 40 of Disaster Management Act 2005 that every department of the State Government shall prepare a Disaster Management Plan.

#### IMPORTANCE OF PUTTING DISASTER MANAGEMENT PLANS IN PLACE:

Disasters are events that have a huge impact on humans and/or the environment. Disasters require government intervention. They are not always unpredictable. Floods take place in valleys and flood plains, droughts in areas with unstable and low rainfall, and oil spills

happen in shipping lanes. This predictability provides opportunities to plan for, prevent and to lessen the impact of disasters.

Disasters arise from both natural and human causes, and the responses needed could stretch community and government capacity to the limit. Disasters are inevitable although we do not always know when and where they will happen. But their worst effects can be partially or completely prevented by preparation, early warning, and swift, decisive responses.

Disaster management aims to reduce the occurrence of disasters and to reduce the impact of those that cannot be prevented. The government White paper and Act on Disaster Management define the roles of Local Authorities as well as Provincial and National government in disaster management.

North East Region has been vulnerable to many disasters in the past both natural and manmade, we can notice that most of the disasters have occurred within the last two decades, and the frequency, intensity and magnitude of the disasters are ever increasing.

#### PLAN OBJECTIVES

The objectives of the District Disaster Management Plan are:

- Disaster management in the routine affairs of the department.
- To provide technical and humanitarian assistance during disaster.
- Prompt and effective discharge of departmental responsibilities during disaster situations
- Ensuring safety of departmental infrastructure, human resource and other assets
- Ensuring safety of the beneficiaries and others
- Speedy restoration after disaster impact
- To conduct trainings and capacity building for effective prevention, mitigation and response for disasters.
- To undertake information, education and communication activities to create awareness among the communities and the general public.

#### DISASTER MANAGEMENT CYCLE:

In multi-hazard response plan, the disaster management cycle has a significant role to play. The four stages of disaster cycle have their own importance in terms of their implementation during, after and before the occurrence of any disaster.

Pre disaster activities

- 1. Policy development and National, State, district, local level disaster organization formation
- 2. Vulnerability and capacity assessment.
- 3. Prevention and mitigation
- 4. Preparedness, planning and training.

## **Emergency activities**

- 1. Warning (beginning before the actual event)
- 2. Evacuation, search and rescue
- 3. Emergency assistance (relief) food, water, shelter, medical aid.

#### Post disaster activities

- 1. Repair and restoration of life lines (power, telecommunications, water transportation)
- 2. Reconstruction and rehabilitation.

#### PROFILE OF THE DEPARTMENT: -

This is a municipal office under the Director, Municipal Administration, Dispur, Guwahati-6 (Department of Housing & Urban Affairs). The office is situated at Gohpur town in one side of Kanaklata Park, near Gohpur Police Station.

#### 1) Departmental works:

- -Implementation of schemes related to Central and State Govt. fund for infrastructure development.
- -Cleaning and scientific dumping and management of waste generated in the town.

### 2) Office Building :-

It is a G+2 belongs to Gohpur Municipality.

# 3) Status of employees:-

Sl. No.	Staff strength & pattern	Total	Male	Female
1	Executive Officer	1	Nil	1
2	Junior Engineer	2	2	Nil
3.	Head Assistant	1	1	Nil
4.	UDA	1	1	Nil
5.	LDA	1	1	Nil
6.	Tax Collector	1	1	Nil
7.	Electrical Line Attendant	2	2	Nil
8.	Driver	1	1	Nil
9.	Grade IV	3	3	Nil
10.	Labourer	2	2	Nil
11.	Harijon	2	2	Nil
	Total	17	16	1

There are 17 employees in this office as of now, out of which 1 is female.

# 10.1 FLOOD/URBAN FLOOD

	Floods and Drainage management
	Cyclones
	Tornadoes & Hurricanes
	Hailstorm
Water and Climate Related	Cloud burst
water and Chinate Related	Snow Avalanches
	Heat & cold Waves
	Thunder & Lightning
	Sea Erosion
	• Droughts

# > Flood:-

The general reason of occurrence of flood in Biswanath District is due to overflow of River Brahmaputra and its tributaries, namely. **Gohpur** Town faces urban flooding due to artificial reduction Cross section of Tributaries, namely Chatrang and improper execution of drainage System.

# 10.2 EARTHQUAKE

	Earthquakes
.Geological Related	Landslides & Mudflows
.Geological Related	Dam Bursts & Dam Failures
	Mine Fires

# > Earthquake :-

As per the latest seismic zoning map of India, the **Gohpur** falls under High Risk Zone-V, where a maximum intensity of IX can be expected.

# **10.3 OTHERS**

Chemical Industrial and	Chemical and Industrial Disasters				
Nuclear Related	Nuclear Disasters				
	Road, Rail and other Transportation accidents				
	including Waterways				
	Mine Flooding

### > Soil Erosion : -

The soil erosion at the embankment of Brahmaputra is major threat to many places in Biswanath District.

### > Fires:-

The fire takes places in Biswanath District due to short circuit in commercial areas. Mainly fire takes place from March to April when the climate remains very dry and probability is more instance of fire breakout. The towns in the district are also prone to industrial disaster due to having some manufacturing industrial plants in many parts.

# > Cyclone:-

In Biswanath District cases related to low density cyclone occurred in some places.

# SEASONAL CALENDAR FOR DIFFERENT TYPES OF HAZARDS:

Sl. No.	Туре						Haza	ard						Remarks
		Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	
1	Flood		7				<b>—</b>				>			
2	Earthquake	•		-										<b></b>
3	Fire	•												<b>-</b>
4	Landslide						•				<b>&gt;</b>			
5	Cyclone				<b>—</b>		10				<b>&gt;</b>			
6	Erosion				<b>—</b>						<b>&gt;</b>			
7	Epidemic				<b>—</b>						<b>→</b>			
8	Accident	-												-
9	Riot	-												<b>-</b>

# Likely Geographical extent and magnitude / severity:

- Assam as a whole is within the Zone V of earthquake zone. Especially Gohpur has
  witnessed a devastating earthquake in 1950. So, it can be said that geographically and
  geologically Gohpur is situated in a very hazards prone zone in the context of
  earthquake.
- 2) Chances of Landslide are comparatively less in this district. But fire can break out in the congested residential and commercial areas, markets of the town anytime during lean season, so is the risk of epidemic in the slum/basti areas. The district has faced cyclones several times in the past. Road accident, rail accident, collapse of multi-storied buildings etc. may occur at any time; of course communal/ other riot is not so common in this district.

# Preparedness & Response System

Department	Response System							
	Preparedness	Pre (after Warning)	During Disaster	Post Disaster				
Gohpur MB	<ul> <li>Capacity building         <ul> <li>(training) and</li> <li>sensitization</li> <li>among</li> <li>departmental</li> <li>official &amp; staff</li> </ul> </li> <li>Assessment of         <ul> <li>existing</li> <li>departmental</li> <li>building &amp; other</li> <li>hazard's.</li> </ul> </li> </ul>	Pre preparedness in case of a disaster like flood. Earthquake etc., collection of some construction materials like bamboo, rope, wire, wood, sand, cement bags, First Aid kit etc.,	During disaster this department will provide technical manpower support to restore essential services and coordinate with DDMA	After the disaster this department will make assessment of destruction and report to District Admin.  Identification of rehabilitation				

<ul> <li>Identification of</li> </ul>	will be kept	site
vulnerable building ( Safety Audit ) in towns and necessary direction to Urban local Body's for necessary action  Evacuation Plan in high rise and life line building	ready.  Coordination with District Disaster Management Authority  Dissemination of information for early warning to general public with the aegis of DDMA.	Modification of Master Plan Preparation of any new Master Plan for affected areas.

# Prevention & Mitigation Plan -

Proper implementation and enforcement of Assam Notified Urban Area Building Rules – 2014 & Sensitization among stakeholders engaged for construction work / owners to use disaster resistant technologies.

# 10.4 STANDARD OPERATIONAL PROCEDURES (SOP) ON DISASTER

- ❖ Written guideline that precisely defines how operations are to be carried out.
- ❖ An organizational directive that establishes a standard course of action.
- ❖ Written guidelines that explain what is expected and required of the personnel.
- Standardization of activities :-
  - Identify planned and agreed upon roles & actions.
  - Promotes coordination and communication amongst personnel.
  - Simplify decision making during potentially stressful conditions)
